

The Corporation of the Town of Tecumseh

Planning & Building Services

То:	Mayor and Members of Council
From:	Brian Hillman, Director Planning & Building Services
Date to Council:	October 22, 2019
Report Number:	PBS-2019-38
Subject:	Financial Incentive Program Grant Application Tecumseh Road Main Street Community Improvement Plan 12000 Tecumseh Road (Villa Pia Investments) Planning, Design and Architectural Grant and Planning Application and Permit Fee Grant Programs OUR FILE: D18 CIPFIP - CIP-04/19

Recommendations

It is recommended:

That the Grant Application for the Tecumseh Road Main Street Community Improvement Plan (CIP) Financial Incentive Program, for the property located at 12000 Tecumseh Road (Roll No. 374401000001900), **be deemed eligible and approved** for the:

- i. Planning Design and Architectural Grant Program in the amount of \$3,000; and
- ii. Planning Application and Permit Fee Grant Program in the amount of \$1,075

in relation to the design and site plan application for the proposed construction of a new commercial building on the subject property, all of which is in accordance with Section 11.3 (5) of the CIP and with PBS-2019-38.

Background

The Council-adopted Tecumseh Road Main Street Community Improvement Plan (CIP) applies to an area that represents the historical commercial core of the Town and comprises an approximate 1.2 kilometre corridor centred on Tecumseh Road from the VIA Railway on the

east to the Town's border with the City of Windsor just beyond Southfield Drive on the west (see CIP Area in Figure 1). The area encompasses 96 acres and approximately 115 properties with a mix of commercial and residential along with many tracts of underutilized land.

The CIP establishes a community developed vision and provides a means for planning and promoting development activities to more effectively and efficiently use lands, buildings, and facilities. Its goal is to bring about revitalization and encourage both private and public investment in the CIP Area. To help achieve this vision, the CIP provides for a range of financial incentive programs to registered Owners and tenants of land and buildings within the CIP Area. Attachment 1 contains a table that outlines the financial incentives available for lands in the CIP Area, subject to satisfying various criteria and rules.

Proposal

Background and Current Proposal

Over the past few years, Town Administration has met with the Owner of the commercial property located at 12000 Tecumseh Road (see Attachments 2 and 2A for location) regarding its long term uses and design. The subject property is currently occupied by the Frank Brewing restaurant/brewery (see image below) with the balance of the lot being used for auto-related uses. It is the ultimate intent of the Owner to replace the auto-related uses on the property with new commercial/residential uses through the gradual redevelopment of the entire property.

In 2016, the Owner applied for and was granted a \$2,000 CIP grant to assist in the construction of the outdoor patio associated with the aforementioned restaurant/brewery.

In recent weeks, the Owner met with Town Administration to discuss a proposed stand-alone commercial building on the property that would be located along Tecumseh Road to the southwest of the restaurant/brewery. To assist in meeting the design/architectural guidelines of the CIP, the Owner is retaining the services of an architect. Accordingly, he is requesting CIP funding toward the expense of the preparation of architectural drawings as well as costs

associated with the requisite Site Plan Control application. Grants to assist with these costs are contemplated by the CIP subject to meeting the design guidelines established in the CIP.

Proposed Grant Details

Based on the foregoing, the Owner has submitted a Financial Incentive Program Grant Application seeking financial incentives under the Planning, Design and Architectural Grant Program for \$3,000 and the Planning Application and Permit Fee Grant Program for \$1,075. (Note: HST is not included as part of the grant.) As required by the CIP, the Owner has provided two reliable cost estimates for the costs related to the preparation of architectural/engineering drawings for the proposed development, as identified below:

John Gillis & Associates Inc. - \$22,000

Argent Architecture Design - \$24,500

The requested amount of \$3,000 represents the maximum amount of grant available (50% of the total eligible costs or up to \$3,000), as established by the selected preferred quote of John Gillis & Associates Inc.

It should be noted that the \$1,075 being sought under the Planning Application and Permit Fee Grant Program represents the Town application fee cost for the Site Plan Control application that will be required prior to development taking place. This grant provides funding of up to \$2,000 towards the costs of permit fees paid for approved projects.

The subject grant application has been reviewed/evaluated by Town Administration against the requirements of the CIP. Town Administration has no concerns with the application and recommends that the application be deemed eligible and approved in accordance with Section 11.3 (5) of the CIP.

Next Steps

Upon Council approval, a letter from the Town to the Owner advising of Council's approval will represent a grant commitment. The CIP establishes the following with respect to the Planning, Design and Architectural Grant Program:

- i) the Owner will have a period of six months to start the works and one year to complete the proposed works from the date of Council approval;
- ii) extensions will be considered on a case-by-case basis; and

iii) an application may be cancelled if work does not commence within the six-month period or if the approved works are not completed within a one-year period from the date of Council approval.

Upon completion of the works, Administration will conduct a review of the work to ensure all requirements of the CIP have been complied with. Once it has been determined that the CIP requirements have been met, and upon the receipt of invoices from the Owner and proof of payment, the Grant will be issued.

With respect to the Planning Application and Permit Fee Grant Program, once the Owner finalizes the required site plan control drawings and executes a site plan control agreement with the Town, the cost associated with the Site Plan Control application will be refunded to the Owner.

Consultations

Financial Services Fire & Emergency Services

Financial Implications

The Tecumseh Road CIP provides for Support Programs and Incentives that can total up to \$417,000 per calendar year commencing in 2016. The \$417,000 is the sum of annual maximum limits per individual incentive program category within the CIP. Actual incentives available will depend on approved budget funding.

The 2019 budget includes CIP grant funding of \$125,000. An additional \$106,053 of uncommitted budget allocation from prior period budgets was carried forward, thus totalling \$231,053 in funds available for 2019. To date, three other applications have been approved during 2019, thus the current available funding total is \$217,615.

Upon approval of the recommendation of this report, remaining available program funds for 2019 will be \$213,540 as referenced in the tables in Attachments 3A and 3B.
