

Attachment 1

PCP Member Benefits and Responsibilities

The PCP program offers you a proven approach to reducing greenhouse gas (GHG) emissions, and the support you need to achieve success. Being actively engaged in the PCP program gives your municipality the chance to become a leader by taking systematic and organized action on climate change. By participating in the PCP program, Canadian municipalities gain access to the following tools and resources:

- Support and guidance, through the PCP Milestone Framework, to help members reduce GHG emissions.
- Access via the PCP Hub to a network of over 350 local governments across Canada that are taking action on climate change and can help your community succeed by offering their experience and examples.
- Technical support tools, including the PCP Milestone Tool and PCP Protocol.
- Information and access to funding opportunities, such as those offered by FCM's Green Municipal Fund.
- Capacity-building resources, including workshops, case studies and training opportunities.
- Awards and recognition for milestone achievements and for reported measures.

Members of the PCP program have the following responsibilities:

- Move through the Milestone Framework within 10 years of joining
- Report on progress at least once every two years, with our support
- Email us if your contact information changes
- Actively participate in program activities and share your experience with other network members

If your municipality is not able to meet the PCP program requirements, you can always leave the program and rejoin it at a later date. You can also contact the PCP Secretariat anytime for help with submitting documentation to meet the requirements.
