east to the Town's border with the City of Windsor just beyond Southfield Drive on the west (see CIP Area in Figure 1). The area encompasses 96 acres and approximately 115 properties with a mix of commercial and residential along with many tracts of underutilized land. The CIP establishes a community developed vision and provides a means for planning and promoting development activities to more effectively and efficiently use lands, buildings, and facilities. Its goal is to bring about revitalization and encourage both private and public investment in the CIP Area. To help achieve this vision, the CIP provides for a range of financial incentive programs to registered Owners and tenants of land and buildings within the CIP Area. Attachment 1 contains a table that outlines the financial incentives available for lands in the CIP Area, subject to satisfying various criteria and rules.

#### **Comments**

## **Proposal**

In recent weeks, Town Administration communicated with the new Owner of the commercial property located at 1033 Lesperance Road (see photo below and Attachments 2 and 2A for location) regarding proposed improvements to the parking lot (resurfacing and line painting) and the building's façade (new awnings and introduction of architectural details along roofline and window treatments). Until recently, the subject property was occupied by offices related to a home care service. The new Owner is proposing to open an insurance office (Desjardins Insurance) in mid- to late-April.

Town Administration has reviewed the proposed improvements against the guidelines established in the CIP and determined that they qualify for financial incentives under the CIP.

# **Proposed Grant Details**

Based on the foregoing, the Owner has submitted a Financial Incentive Program Grant Application seeking financial incentives under the Parking Area Improvement Grant Program in the amount of \$8,950 and the Building Façade Improvement Grant in the amount of \$3,416. (Note: HST is not included as part of the grant.) As required by the CIP, the Owner has provided two reliable cost estimates for the both grants, as identified below:

The above-noted grant application has been reviewed/evaluated by Town Administration against the requirements of the CIP. Town Administration has no concerns with the application and recommends that the application be deemed eligible and approved in accordance with Section 11.3 (5) of the CIP.

## **Next Steps**

Upon Council approval, a letter from the Town to the Owner advising of Council's approval will represent a grant commitment. The CIP establishes the following:

- i) the Owner will have a period of six months to start the project and one year to complete the proposed works from the date of Council approval;
- ii) extensions will be considered on a case-by-case basis; and
- iii) an application may be cancelled if work does not commence within the six-month period or if the approved works are not completed within a one-year period from the date of Council approval.

Upon completion of the parking lot improvement and building façade works, Administration will conduct a review of the work to ensure all requirements of the CIP have been complied with. Once it has been determined that the CIP requirements have been met, and upon the receipt of invoices from the Owner and proof of payment, the Grant will be issued.
