Subject: EB-2020-0094 - Enbridge Gas Inc. - Harmonized System Expansion Surcharge ("SES"), Temporary Connection Surcharge ("TCS") and Hourly Allocation Factor ("HAF") - Notice of Application

To: The clerks of all municipalities in which Enbridge Gas supplies gas

On May 8, 2020, Enbridge Gas filed an application with the Board for an order or orders under section 36 of the Act approving certain rate mechanisms for future expansion projects and a capital allocation factor for project economic feasibility as per E.B.O. 188 Guidelines.

The harmonized System Expansion Surcharge ("SES"), Temporary Connection Surcharge ("TCS") and Hourly Allocation Factor ("HAF") that are the subjects of this application are required to provide consistency between the EGD and Union rate zones for Enbridge Gas. In addition, the SES, TCS and HAF will allow Enbridge Gas to accommodate the anticipated demand for Community Expansion Projects and Development Projects or other distribution extension projects or attachments without having to seek Ontario Energy Board ("OEB" or the "Board") approval for the surcharge or allocation methodology on a project specific basis.

On May 21, 2020, the Board issued the Notice of Application and the Letter of Direction for the proceeding. The Board has directed Enbridge Gas to serve a copy of the Notice of Application along with Enbridge Gas' Application and evidence to the clerks of all municipalities in which Enbridge Gas supplies gas.

Attached please find a copy of the Board's Notice of Application (English and French) along with Enbridge Gas' Application and evidence as filed with the Board for the harmonized System Expansion Surcharge ("SES"), Temporary Connection Surcharge ("TCS") and Hourly Allocation Factor ("HAF"). A paper copy of the Evidence filed in this proceeding is available upon request or can be viewed by accessing the link below:
