Subject: September 8, 2020 Public Meeting

Hi Laura,

Below is our submission for the Town of Tecumseh Public Meeting [on Tuesday September 8, 2020 at 5:00 pm](#) regarding the Zoning By-law Amendment.

The Town of Tecumseh has said that a greenhouse for growing cannabis is permitted by the outdated 1987 by-laws. An amendment to the official plan, zoning by-laws and public input are supposed to be the usual planning policy and practice for all cannabis operations.

Cannabis facilities located in residential areas are known to disrupt quality of life, lower property values, and cause respiratory and other health related issues.

Respectfully submitted by,

Larry and Susanne Rau
