Subject: Proposed Housekeeping Amendment to Sandwich South Zoning By-law 85-18 - Resident Statement

Hi Laura,

I am a resident of Oldcastle and am submitting this statement to the Town of Tecumseh pertaining to the Proposed Housekeeping Amendment to Sandwich South Zoning By-law 85-18.

I feel deceived that the Town chose to interpret 1987 by-laws in allowing a greenhouse for the use of growing cannabis rather than following the usual planning practice of requiring an amendment to the official plan, zoning by-laws, and public input. A Cannabis Farm is a poor use of the limited lands available in Oldcastle for new housing developments, and the foul smell along with the illuminating light from the greenhouse negatively impacts quality of life.

Thanks,

Andrew Sykes
