Subject: Proposed Housekeeping Zoning By-Law Amendment

My name is Felina Salas at 2325 Banwell Rd.

Following my conversation with the Planning Dept. (Enrico)today , that we are affected on this proposed zoning by-law amendment. We have animals (a couple of goats and a horse) that we want to keep until the proposed zoning by- is approved but we are willing to get rid of them for future development (for urban uses).

We want to keep them until then.

Thank you for your kind consideration.
