Subject: trail extension

Dear Your Worship,

While I am a Windsor resident, I have family and friends who live in Tecumseh. I worry for their safety as they cycle, rollerblade, walk and use their scooters. It can be difficult for drivers to see people engaging in these activities. As many of us know children may not always be as careful as they should when at play. It is easy for any of us to become distracted or preoccupied (drivers and pedestrians). It takes only one second for an accident to happen.

Extending the Trail would make a much safer situation for all involved. No one wants to get hit and no driver wants to be responsible for hitting someone. Please encourage council to create a safer situation for all.

Thank you.

Melissa
