Subject: Ganatchio trail extension - support.

Ms. Moy:

Please make Mayor McNamara and Tecumseh Town Council aware of our support for this project. We are avid users of the trail and fully support the extension to Lakewood Park.

We are aware, of course, of the concerns of the homeowners whose properties and driveways would be affected. We have the following comments:

1. Comments by those Against who suggest they will have a greater responsibility to look out as they use their driveway for Trail users are, we feel, superfluous. Riverside Drive is a busy road. They have chosen to live here and should expect diligence in accessing this street.
2. We are sympathetic to those who are concerned about the number of streets the extension will cross. Personally, we feel a better alternative is to Extend the Trail on the north side of Riverside Drive.
