Subject: Submission for Agenda of April 8, 2021 Town Council Meeting

To the Mayor of Tecumseh and Town Council

I request that this letter be included on the agenda for the Town Council meeting on April 8, 2021.

As a resident of the town of Tecumseh, I wish to express my support for the Ganatchio Trail extension from Lesperance Road to Lakewood Park along Riverside Drive. Upon review of the engineering reports, it is apparent that the most cost-effective route for this extension is on the south side of Riverside Drive, and therefore the most effective use of taxpayer funds. It is also the side of the road most accessible to the residents of Tecumseh and avoids users of the current Ganatchio Trail from having to cross a busy Riverside Drive twice.

Tecumseh offers many amenities that I enjoy with my family. Being able to continue riding a bike on a safe easterly route would be a benefit. Please help make Tecumseh an even better place for families. Thank you.
