Subject: Extend the Trail

Mayor Gary McNamara and the Town Council

I'm writing To you as a concerned citizen.

The Ganatchio Trail needs to be extended! The sidewalk along Riverside Drive is dangerously narrow and its residents do not take enough care when backing out of their driveways. Several people have almost been injured walking there.

I think it's high time the council prioritize public safety over money and do the right thing by extending the Ganatchio Trail from Lesperance to Lakewood Park. It would be irresponsible to do otherwise.

Thank You

Lisa J. Rowley
