Subject: Extend The Trail

To whom it may concern,

I am a resident of Tecumseh and I am in favour of extending the trail on Riverside Drive.

My family and I often use this corridor for commuting, biking and walking. As it stands now the uneven sidewalk is a dangerous trip hazard and should be addressed immediately. There's a trail east of Manning Road along Riverside Drive that exists with no issue. I find it difficult that any further issues will occur with the extension of this trail as long as we follow a similar plan.

Please feel free to use this email as a vote in favour of the trail extension which I believe will encourage a sense of well being, health and community. Due to COVID, I believe amenities like this are needed now even more than ever.

Sincerely,

Chad Boughner
