Summary of Tender Results

Five tenders were received on March 4, 2021, for this project. The tender results are summarized as follows:

Tenderer	Total Tender Price (Excluding applicable taxes)
SheaRock Construction Group Inc.	\$4,467,500.00
D'Amore Construction (2000) Ltd.	\$4,523,244.00
J&J Lepera Infrastructures Inc.	\$4,675,000.00
Sterling Ridge Infrastructure Inc.	\$5,003,001.00
Amico Infrastructures Inc.	\$6,973,400.00

Based on our review of the tender submissions, a mathematical error was made in the tender of Sterling Ridge Infrastructure Inc. The corrected Total Tender Price as shown above does not change the original standings of the Tenderers.

There were no other irregularities identified in the tenders received for this work.

We understand that all Tenderers submitted the required \$550,000.00 Bid Bond which the Town has retained. We further understand that all Tenderers acknowledged receipt of Addendum No. 1 and Addendum No. 2.

We have confirmed with Daryl Rocheleau of Shearock Construction Group Inc. that Shearock Construction Group Inc. is prepared to proceed with this project in accordance with the Contract Documents and their tender submission.

Based on their lowest tender submission, we recommend that the tender be awarded to Shearock Construction Group Inc. for the Total Tender Price of \$4,467,500.00 (excluding applicable taxes).

Subject to Council approval of our recommendation, we will prepare the necessary agreements for signing.

Yours sincerely,

DILLON CONSULTING LIMITED

Mark Hernandez, P.Eng.,
Project Manager
