

Beautification Report:

- Mural Projects moves forward with DERKZ
 - Denise met with the Town. We will not be relocating any greenery to accommodate the mural – we'll work with the current schematics
 - Still working with DERKZ on design elements, no mock ups to review just yet
 - There has been no communication back from Frank at Amloze Pizza. At this time, we are looking at reducing the murals to 1 (revised quote attached).
 - Previously, the Board authorized the mural project to move forward. Councillor Houston brought to the Committees attention that the Mural Agreement was never approved. Our committee apologies as we assumed this was all encompassing with the project. We are now seeking Board Approval on the Mural Agreement (attached).
 - We will be receiving a signature from David Halliwill for the old Billiards building. He has agreed to all of the terms and conditions within our agreement for us to use his property as the canvas for our mural, however, asking for some terms and conditions to be revised as well as adding in some liability forms for us and the Artist to fill out in case of an accident on his property. We are currently working on compromising with some of his requests and concerns and will advise the Board when we receive the final signature of approval and what the updated agreement looks like.
 - Have yet to receive a quote from DERKZ for just the one mural. We are awaiting on his response.

- Next on the committees plans for future discussion:
 - Way Finding Signage
 - Bus Shelter
 - Garbage Can Art
 - Bike Racks
