- Tasks for Committee Members to brainstorm/complete:
- Mural Projects moves forward with DERKZ
  - The Tecumseh BIA Coordinator has made phone calls to find a new wall since the deal with Kalbol's fell through due to the changes in the Mural Agreement. Thankfully, John Roma from Roma & Associates has agreed to a mural on the east-facing wall of his building.
  - Since that phone call, he was sent an updated Mural Agreement pertaining his information and has signed it for us.
  - We are waiting to hear back from DERKZ to get a new mock-up for the Kona Sushi building and a brand new mock-up for the Roma & Associates building. He is currently working on the Legion building, so it shouldn't be much longer to hear from him.
  - These murals should still be complete before the 100<sup>th</sup> Year Celebrations commence in the Summer of 2022 (July 2 – 4).
  - Will be keeping all parties involved in-the-loop about the process of these murals and involved in the creative process, so everyone can come to a respective compromise about what is going up and the timeline of it all.
  - In-person and Zoom meetings will be taking place in the future when plans are in-the-works/in their final stages.
  - Regarding our interactive mural, the Tecumseh BIA Coordinator and John Roma have reached out to local Indigenous groups to see if they can provide any suggestions, edits, or overall additional artwork to go within the feathered wings. Fact-checking the accuracy by reaching out to suitable, local resources is crucial in the effort of making this piece respectful and overall appropriate depiction of the Indigenous culture.
  - Have not received any suggestions from the Board about the murals to date.
