

Brief History: I presently reside at [REDACTED] with my wife [REDACTED] and Daughter [REDACTED] as well as my oldest daughter [REDACTED] and our two granddaughters [REDACTED] and have lived here since 2009. I will briefly outline to you my qualifications which I believe suits the needs for filling this temporary position.

Qualifications:

- March/1973 to October/1989 a member of the Metropolitan Toronto Police Force. Worked in uniform, plain clothes, undercover, and as a community service officer with close relationships with council members in the downtown core.
- October/1989 to March/2016 employed by the Ministry of Environment's Investigation and Enforcement Branch as an investigator and prosecutor for environmental non-compliance.

During my tenure in Timmins, London, and here in Windsor-Essex as the manager of the Windsor Office, I worked with members of each community on issues related to the Environment.

I do realize that this is a very brief outline of my 42 years in the workplace and I will elaborate more if required. I will go into full detail at a later time since this is a short-term vacancy. What I do want to stress is that Tecumseh was our choice to live and retire in and cannot say enough about the lifestyle it brings.
