**Re: PWES-2022-28 - Report to Consider Engineer's Report - Sullivan Creek Drain
Public Council Meeting - July 12, 2022, 6:30 pm**

On April 28, 2015, Council appointed Rood Engineering Inc. under section 78 of the Drainage Act to;

- (I) Make an examination of the Sullivan Creek Drain drainage area as submitted by the affected landowner of Roll No. 530000047200000 in the "Notice of Request for Drain Improvement" dated March 16, 2015.
- (II) Prepare a Drainage Report for the Sullivan Drain, in accordance with Section 78 of the Drainage Act, including provisions for future maintenance of the Drain.

On March 01, 2022, Rood Engineering Inc. submitted a report titled the "Sullivan Creek Drain" (Report); a copy of which is attached to PWES-2022-28.

The Report provides detailed information of the existing conditions of the drain based on the Engineer's examination as well as recommendations for the repair and improvement of the drain. In general, the Report recommendations include bridge/culvert repairs/replacements, specifications for future bridge/culvert replacements, flushing of existing bridges/culverts, removal of silt and debris from the drain and the installation of new buffer strips.

The Report also includes cost estimates for the recommended works and a schedule of assessment for affected properties. In addition, details of previous meetings that have been held for this project under the Drainage Act process are included in the Report.

If you have any questions or would like to request an AODA version of the Rood Engineering Inc. drainage report for the repair and improvement of the "Sullivan Creek Drain" (dated March 1, 2022), please contact Dana Reid at (519) 735-2184 ext. 168 or dreid@tecumseh.ca.
