Lakeshore Stormwater Master Plan Study Phase 2

Overview:

The Municipality of Lakeshore, through their consultant Civa Infrastructure Inc., is completing Phase 2 of the Stormwater Master Plan. The Master Plan for Phase 2 will outline and review the existing stormwater system comprised of a combination of municipal drains and municipal storm sewers. The Master Plan will develop a plan to effectively manage existing stormwater infrastructure and provide recommendations for areas of improvement and accommodate future growth. Phase 2 of the Master Plan is focused to the remaining portion of the municipality not studied in Phase 1, including the ten urbanized communities of:

- Comber
- Essex Fringe
- Lighthouse Cove
- Ruscom
- Rochester/Deerbrook
- St. Joachim
- Staples
- Stoney Point /
Pointe-aux-Roches
- North and South
Woodslee
- Tilbury Fringe

Public Information Centre No. 1

Wednesday February 22, 2023

5:00pm to 7:00pm

Comber Community Center

6211-6213 McAllaster Street, Comber, ON, N0P 1J0

We Want Your Input!

You are invited to participate in the first round of public consultation. The Public Information Centre will provide an information/progress update and serve as an opportunity for the public to provide comments / feedback.

Please visit the study's webpage at lakeshore.ca/SWMP2 to learn more about the study and to help shape the Stormwater Master Plan.

If you have any comments or questions regarding the Master Plan, or would like to provide suggestions or comments about this study, please contact:
