**Re: Summary of PWES- 2023-13 - Report to Consider Engineer's Report
Shuttleworth Drain February 28, 2023, Public Council Meeting 6:00pm**

On July 25, 2017, Council appointed Rood Engineering Inc. under section 78 of the Drainage Act to;

- (I) Make and examination of the drainage area as submitted by the landowner (Roll No. 540000007010000) in the "Notice of Request for Drain Improvement" dated June 13, 2017.
- (II) To prepare a Drainage Report for the Shuttleworth Drain, in accordance with Section 78 of the Drainage Act, including provisions for future maintenance of the Drain.

On December 20, 2022, Rood Engineering. submitted a report titled the "Shuttleworth Drain" (Report); a copy of which is attached to PWES-2023-13.

The Report provides detailed information of the existing conditions of the drain based on the Engineer's examination as well as recommendations for the repair and improvement of the drain. In general, the report provides for the cleanout of accumulated silt and debris, replacement of existing bridges and enclosures and future replacement specifications for remaining bridges and enclosures.

The Report also includes cost estimates for the recommended works and a schedule of assessment for affected properties. In addition, details of previous meetings that have been held for this project under the Drainage Act process are included in the Report.

If you have any questions or would like to request an AODA version of the Rood Engineering Inc. drainage report for the repair and improvement of the "Shuttleworth Drain" (dated December 14, 2022), please contact Dana Reid at (519) 735-2184 ext. 168 or dreid@tecumseh.ca.
