

## Membership Report:

- Members consist of Leo Demarce, Josh Shepley & Laura Carcelen.
  - Tasks for Committee Members to brainstorm/complete:
- Compile a sheet of businesses and their phone numbers to divide amongst the Committee to call and talk about our Associate Membership program. Committee can also get together one day and canvas on-foot around the Amy Croft area, and East Windsor area to spread the word about the Tecumseh BIA and how those businesses outside of our boundaries can benefit from joining us. This initiative can also be done via phone call. So far, National Bank and Rizzo have expressed their interest in our Associate Membership program to our Coordinator.
- Approach new businesses in our area to greet them and inform them about who we are, what we do, and the benefits we have to offer them. Also inform them of our Tecumseh Dollars program and ask if they would like to join. The Committee will have to help sign up the Tecumseh Dollars Members when the new program is implemented.
- Hand-out window decals for Tecumseh Dollars Members- Coordinator has started this process. Order new ones with our QR code attached to them that will bring those interested in viewing the sheet of Members who accept our Tecumseh Dollars straight to our website to find it.
- Associate Membership renewal fees for our current Associate Members have been sent out for 2023. Chartwell St. Clair Beach Retirement Residence, OneSource Moving Solutions, Salt Sushi and Lacasse Printing have all paid. We are currently awaiting payment from Moni Hair Boutique.
- Sandra Zanet has recently expressed that Piskey's is interested in our Associate Membership program after approaching them.
- Will consult with the Town of Tecumseh before approaching businesses within the Amy Croft area to ensure it does not impede on the plans of the RED Program.
