properties with a mix of commercial and residential along with many tracks of underutilized land.

The CIP establishes a community developed vision and provides a means for planning and promoting development activities to more effectively and efficiently use lands, buildings, and facilities. Its goal is to bring about revitalization and encourage both private and public investment in the CIP Area. To help achieve this vision, the CIP provides for a range of financial incentive programs to registered Owners and tenants of land and buildings within the CIP Area. Attachment 1 contains a table that outlines the financial incentives available for lands in the CIP Area, subject to satisfying various criteria and rules.

#### **Comments**

## **Proposal**

In October of 2018, Town Administration held a pre-consultation meeting with the Owner of the commercial property located at 1122 Lesperance Road (see Attachments 2 and 2A for location). The subject property is currently occupied by a building that is divided into three units, each of which are occupied by professional offices. The Owner is completing interior renovations and is also proposing to undertake exterior renovations to the façade of the existing building (see image below).

On November 13, 2018, Council approved a CIP grant in the amount of \$3,000 to assist in the preparation of construction drawings associated with proposed façade improvements to the building. The Owner then met with Town Administration and it was determined that the architectural drawings prepared in relation to the proposed exterior improvements qualified for financial incentives under the CIP. On November 27, 2018, Council approved a CIP grant in the amount of \$15,000 to assist in the constructions costs associated with the façade improvements (see image below). The Owner then applied for a building permit to facilitate the facade improvements and paid the requisite building permit fee.

# **Proposed Grant Details**

Based on the foregoing, the Owner has now applied for the Planning Application and Permit Fee Grant in order to recoup the costs of the above-noted building permit, in accordance with Section 11.2.2 of the CIP. The requested amount of \$561.60 represents 100% of the building permit fee paid. This grant provides funding of up to \$2,000 towards the costs of permit fees paid for approved projects.

## **Next Steps**

Upon Council approval, a letter from the Town to the Owner advising of Council's approval will represent a grant commitment. Once the works associated with the previously approved building façade improvements grants are completed and inspected by the Town for compliance, the Planning Applications and Permit Fee Grant will be issued.

## **Financial Implications**

The Tecumseh Road CIP provides for Support Programs and Incentives that can total up to \$417,000 per calendar year commencing in 2016. The \$417,000 is the sum of annual maximum limits per individual incentive program category within the CIP. Actual incentives available will depend on approved budget funding.

The 2018 budget includes CIP grant funding of \$125,000. An additional \$88,631 of uncommitted budget allocation from prior period budgets was carried forward, thus totalling \$213,631 in funds available for 2018. To date, eight CIP grant fund applications have been approved during 2018, thus the current available funding total is \$106.615.

Upon approval of the recommendation of this report, remaining available program funds for 2018 will be \$106,053 as referenced in the table in Attachment 3.
