### Recommendations

It is recommended:

**That** Report DS-2025-10, entitled “Expanding Housing Choices and Improving Affordability - Tecumseh Housing Accelerator Fund: February 2025 Status Update,” **be received.**

### Background

#### Tecumseh Housing Action Plan

On August 8, 2023, by way of [Report DS-2023-15](#), Council adopted the Tecumseh Housing Action Plan (“Tecumseh HAP”). The Tecumseh HAP was prepared with input from Council, Town Staff, and community stakeholders. It includes housing goals, initiatives and targets that are intended to:

- expand housing options for Tecumseh residents;
- increase the supply of new housing in Tecumseh, and accelerate its construction;

- improve housing affordability for residents and their families, and for new households that want to move to this growing community.

The Town's Strategic Plan for 2023-2026 ("Strategic Plan") establishes a strategic priority to "achieve prosperity and a livable community through sustainable growth." More specifically, the Strategic Plan prioritizes the need to "increase the population of Tecumseh through new housing supply." The goals and initiatives as set out in the Tecumseh HAP build on the foundation that has been established by Council as part of the Strategic Plan. The goals of the Tecumseh HAP are to:

- i. increase the Town's housing supply and to accelerate new home construction to meet a growing demand for housing;
- ii. improve housing affordability for Tecumseh residents, for both rental and homeownership housing;
- iii. diversify the Town's existing housing stock;
- iv. streamline municipal approvals of new housing; and
- v. engage, collaborate and educate the public on the intent of the HAP.

### **CMHC Approved Housing Accelerator Funding**

The Tecumseh HAP was submitted to Canada Mortgage and Housing Corporation ("CMHC") in August 2023 as part of the Town's Housing Accelerator Fund (HAF) Application. On February 12, 2024, the Town received notification from CMHC that the Town's application had been approved, and an agreement was executed with CMHC that provides funding to support the implementation of the Town's Housing Action Plan.

This Report, prepared with the assistance of Larry Silani of MillerSilani Inc., is intended to provide Council with a status update of the work that has been undertaken since the prior update on October 22, 2024, key project deliverables, and community/stakeholder consultation dates that have been established. Mr. Silani will attend the February 25, 2025, Council meeting as a delegation.

### **Comments**

Collectively, the nine initiatives funded by the Town's HAF are intended to accelerate the delivery of much needed new housing in Tecumseh, and to contribute to positive long-term changes that will broaden housing choices and improve affordability in both the rental and ownership market.

Collaboration with the local homebuilding industry, non-profit housing providers, community stakeholders, senior levels of government, and the public at large are key to achieving Council’s stated housing goals.

In addition to regularly scheduled meetings of the Town’s Housing Advisory Panel, on-going meetings are also taking place with representatives from the homebuilding industry. At these meetings, important and timely information is being obtained as to the “state of the environment” of residential building activity in our region, and to ensure that regular input and feedback is being received to assist with the implementation of various HAF initiatives.

Town Staff are also following the work that is being undertaken at the regional level (joint county/city project) to prepare a new Regional Affordable Housing Strategy for the Windsor-Essex Region. Once their work is complete, information and recommendations arising from this regional housing strategy will be provided to Town Council and to the Town’s Housing Advisory Panel.

### Status of the Town’s Housing Initiatives

Individual work plans for all nine initiatives, in keeping with milestones that have been established in the HAF Agreement, have been prepared and are being followed to ensure that key tasks are being completed in a timely and cost-effective manner.
