

From: [Shari Richard](#)
Subject: STOP FLUORIDE!
Date: December 13, 2018 9:55:27 AM

I would ask that my email be included in correspondence to council.

Please do not allow fluoride to be added back to our drinking water. I would prefer my doctor or dental professional administer and monitor my fluoride.

I also have family members and co workers with thyroid disorders and would prefer they stay healthy and safe with their drinking water.

Thank you,
Shari Richard
