Town of Tecumseh

To Whom it may concern.

I am writing you concerning the way you would like to make a bicycle lane here on Lesperance. I live at [REDACTED] Lesperance. It will take me forever to be able to back up of my driveway. The traffic is considerable heavy. Even when our Deputy Mayor came here he backed his vehicle in our driveway to be able to get out easier. Turning left out of our driveway will take forever.

When the fire department truck or coming where do I go to stop to let these trucks go by. That goes for an ambulance too.

I do not mind a bicycle lane but not like the one you propose. It would make sense if you made the sidewalk bigger on the side where the ~~so~~ bicycle lane would fit. I like the way the road is now. I can back up in the middle of the road and be safe. The other way is too dangerous. So please reconsider.

Joanne David Spranga

PS We are against it
