Comments/ Questions/ Concerns (Use back if more space needed):

I do not agree with the proposed reconfiguration of Lesperance Rd. Lesperance Rd is one of the two major arterials in our town. Have surveyors spent an entire week counting the number of cars, commercial trucks, emergency vehicles, service trucks ie. recycle, garbage and yard waste collectors, school buses and cyclists using Lesperance Rd.? According to human nature

drivers become impatient waiting to make turns, waiting behind someone waiting to make a turn, waiting to make a turn in or out of a driveway, etc.

Traffic jams lead to accidents. This decision does not just affect Lesperance Rd. residents. Many vehicles from other streets use this thoroughfare. Unfortunately, most Tecumseh residents are unaware of this proposal because the survey was only sent to Lesperance Rd. residents.

Tecumseh has always been about families. Many families have told me they will not use bike lanes with their children nor condone their teenagers to ride a bike lane so close to car and truck traffic. They will continue to ride the sidewalks.

I admire avid cyclists and they deserve safe paths also. A solution would be to widen one of the two sidewalks along Lesperance and designate it as a bike lane. This would be a safe alternative for both serious cyclists and leisure bikers. I realize there will be a monetary expense for this plan but safety must always be foremost.

I trust that you will give serious consideration to my opinions. As per 3rd paragraph in your notice "The project has been completed based on previous recommendations" causes me to wonder if I am wasting my time as this is most likely already a "done deal."

Would appreciate a response.

DON'T AGREE TO CLOSE TURNING LANES TO
ACCOMMODATE BIKE LANES. THIS AFFECTS THE WHOLE TOWN
NOT JUST PEOPLE THAT LIVE ON LESPERANCE. IT WILL MAKE IT EXTREMELY
DIFFICULT FOR PEOPLE PULLING IN & OUT OF THEIR DRIVEWAYS, THEREFORE
CAUSING TRAFFIC JAM OR WORSE AN ACCIDENT. WIDENING SIDEWALKS ON
WEST SIDE OF ROAD TO ACCOMMODATE BIKE LANES. I WOULDN'T WANT
MY FAMILY RIDING ON EITHER SIDE OF LESPERANCE, ESPECIALLY WITHOUT THE

DO NOT AGREE TO REMOVE TURNING LANES ON LESPERANCE RD TO ACCOMMODATE BIKE LANES. THIS WILL POTENTIALLY CAUSE ACCIDENTS. I WILL NOT MAKE IT SAFE FOR CYCLISTS. WILL NO TURNING LANES, DRIVERS WILL BECOME IMPATIENT, WILL HOLD UP TRAFFIC. THIS IS NOT A MOVE IN THE RIGHT DIRECTION, THIS IS GOING BACKWARDS NOT FORWARD.

Comments/ Questions/ Concerns (Use back if more space needed):

Making a turning lane on Lesperance road is the best thing you could have done, eliminating it would be the worst thing you could do. I've asked many families if they would be using the new bike lane and all have said definitely not - mainly because of the large trucks and the speed at which they

Comments/ Questions/ Concerns (Use back if more space needed):

I strongly disagree with the addition of bike lanes on Lesperance Rd. As a mother of 2 children, I don't want my kids driving their bikes on the road anyway. The bike lanes will cause more harm than good. They will be used limitedly & simply not worth the extra traffic.

Absolutely a Bad Idea: It will
be very hard to turn into our
properties without the turning
lanes. Extend the sidewalk 3' towards the
road for the Bike Lanes.

Comments/ Questions/ Concerns (Use back if more space needed):

Bike lanes are going to create major traffic delays on Lesperance. The people living on Lesperance will have great difficulty getting in and out of their driveways. I feel these bike lanes will not be used correctly or they will be used very limited. Please reconsider this.

Comments/ Questions/ Concerns (Use back if more space needed):

It is my belief that there isn't enough bike traffic to warrant removing the turning lane from Lesperance Rd. Install the bike path along side of Lesperance, but leave the turning lane. -No turning lanes @ little River. (very busy)
-No turning lanes @ St. Thomas. (school busses)
