---

### Recommendations

It is recommended:

1. **That** Planning and Building Services Report No. PBS-2019-02 "2018 Year End Permit Report," **be received.**

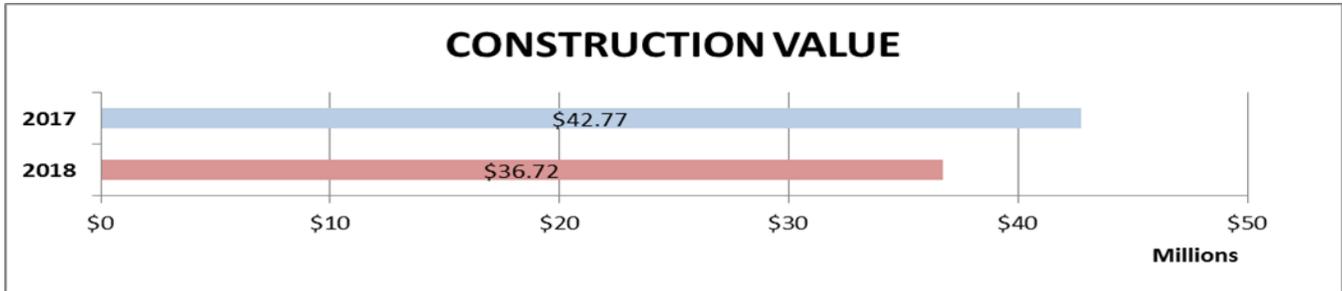

### Background

This Report summarizes the permits issued for the year of 2018, from January to December and compares the values of the same period of the previous year.

### Comments

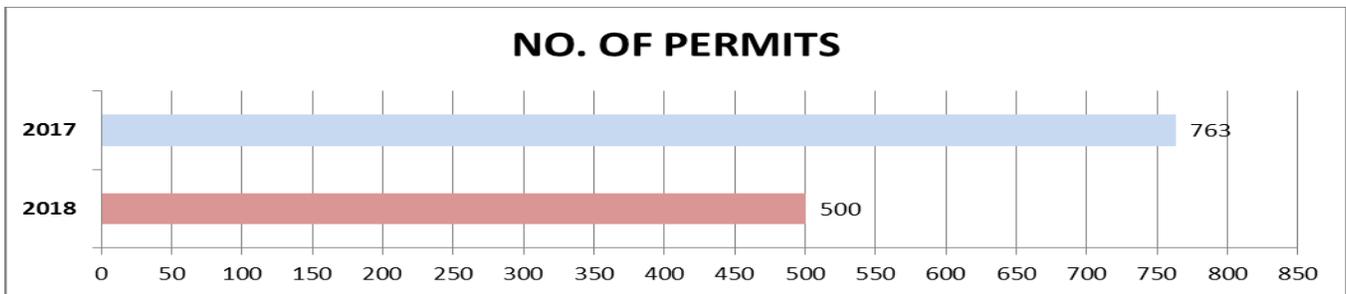

1. Construction Value:

The following chart summarizes the reported construction value of permits for the period. Construction value is down by -\$6,044,664 or 14.1 percent over last year. This is due in part to a decrease in new residential construction over the previous year.

2. Number of Permits:

The following chart summarizes the number of permits issued for the period. The number of permits is down by 263. This is due in part to a decrease in all types of residential construction over the previous year. Ninety-nine backwater valve permits were issued for the period.

3. Permit Types:

The following chart summarizes the number of permits issued by type for the period. A total of 24 new dwelling unit permits were issued, which resulted in 25 new residential units. For the same period last year there were 50 new residential units.
