**SAUGEEN SHORES**

## **COUNCIL REPORT**

Meeting Date: Mike Myatt, Vice Deputy Mayor

Subject: Request to Governments of Canada and Province of Ontario to open the application process for the Bi-lateral “Investing in Canada Infrastructure Program” that was signed on March 14<sup>th</sup>, 2017

---

### **Background**

The Town of Saugeen Shores, a community population of approximately 14,000 and growing, is faced with a problem that many Ontario Municipalities are experiencing. Many of our recreation and cultural facilities were built in the 1970’s and 1980’s and now require modern upgrades or replacement. Our pool is over 40 years old and needs to be replaced; our 100 year old Town Hall is in need of repairs; our ball diamonds are aging and our Southampton Ice Facility requires significant repairs. For a community our size, these facilities represent community hubs; they represent gathering places and facilities where members of our community can exercise their mind and bodies on route to living healthier lives. Our residents want to be active, some are active now, but our aging facilities are becoming a deterrent for those who wish to live active lifestyles. In most cases, the Town of Saugeen Shores is able to fundraise and borrow for 1/3 of the cost to make these facility replacements become a reality, but we need bi-lateral funding between the Federal Government and Provincial Government to allow for capital funding allocations to support these facility upgrades or in some cases to support total replacement.

Like other essential municipal infrastructure, Recreation and Cultural Infrastructure is in need of investment. A 2007 study by Parks and Recreation Ontario revealed that over \$5 billion in deferred capital investment is required to repair or replace existing recreation facilities in Ontario – that number is now \$6 billion. The same study showed that 50% of municipally-owned Recreation Infrastructure is at or near the end of its expected lifespan. Additionally, all community recreation facilities that are in mid-life cycle require renovation or upgrades, consistent with their age. Many community facilities built before 1990 require retrofit investments to protect customer safety, improve energy efficiency or enhance services particularly from an accessibility standpoint.

Nationally, the Canadian Recreation and Parks Association (CPRA), an alliance of all 13 provincial and territorial recreation and park associations, has continued to research this issue. CPRA participated on the Advisory Board for the 2016 Canadian Infrastructure Report Card 5. This Report Card includes data on municipal recreation facilities and the results show that almost 1 in 2 recreation facilities are in 'very poor', 'poor' or 'fair' condition and need repair or replacement. In comparison to other municipal infrastructure assessed in the Report Card, recreation facilities were in the worst state and require immediate attention. Furthermore, new facilities are required to meet future needs linked to rapid population growth being experienced by the Town of Saugeen Shores.

Through budget 2016, the Federal Government allocated \$14.4 billion in new funding for the repair and modernization of key Infrastructure. This funding via the Investing in Canada Plan has gone towards vital public transit systems, clean water and wastewater systems, and Social Infrastructure such as affordable housing. These are all very important needs for many communities in Ontario, but the Town of Saugeen Shores would like to suggest that replacement of aging recreation facilities is also a high priority for Municipalities.

Building on the first phase of the Investing in Canada Plan, \$81.2 billion in additional funding was made available in the Federal 2017 budget to support five priority areas over the next decade: Public Transit, Green, Social, Trade and Transportation, and Rural and Northern Communities' Infrastructure and provides predictable funding and focusses on large-scale transformational projects.

The Governments of Canada and Province of Ontario have an infrastructure agreement that was signed March 14<sup>th</sup>, 2017, and this bi-lateral agreement now includes a new stream named "Community, Culture, and Recreation". The Town of Saugeen Shores needs to request this program be opened in the short term to allow our community and other communities around the Province to submit applications. It is this next phase that Saugeen Shores Council needs to start lobbying our MP and MPP for Provincial and Federal support to help make this happen.

**The attached Motion is being proposed for Council consideration and pending approval, it is being recommended that the Town of Saugeen Shores encourages all Municipalities in the Province of Ontario to pass a similar motion and forward to the Governments of Canada and Province of Ontario to stress the importance of opening the application process for Recreation and Culture Infrastructure funding under the "Investing in Canada Infrastructure Program".**

Respectfully Submitted  
Mike Myatt, Vice Deputy Mayor

THE CORPORATION OF THE  
**TOWN OF SAUGEEN SHORES**

MOVED BY:  RESOLUTION NO: 17-2019  
SECONDED BY:  DATE: February 11, 2019

Whereas The Town of Saugeen Shores believes that building modern infrastructure is important, and that good quality infrastructure supports job creation and helps attract businesses and residents to our community and communities across the Province of Ontario; and

Whereas Recreation Infrastructure is one of the most important core investments that can be made into the prosperity, health, and security of urban and rural communities; and

Whereas the need for infrastructure renewal projects far exceeds the capital available in municipalities for investment in Recreation Infrastructure; and

Whereas Recreation Infrastructure is often put to the bottom of the list, as other infrastructure takes priority; in fact, there has not been a meaningful Recreation Infrastructure program since 2008; and

Whereas the Province of Ontario places long term borrowing restrictions on Municipalities; and

Whereas Saugeen Shores does not have the borrowing capacity to fund these large scale projects; and

Whereas some Municipalities do have the capacity to fundraise and borrow to 1/3 of project costs but rely on other levels of Government for remaining partnership funding; and

Whereas, while the Town of Saugeen Shores welcomes the inclusion of Recreation Infrastructure funds through the Gas Tax Fund, it is apparent that Gas Tax Funds alone are not sufficient to support large scale Recreation Infrastructure projects; and

Whereas the Town of Saugeen Shores agrees with both Parks and Recreation Ontario and with the Association of Municipalities of Ontario that the infrastructure gap will continue to grow, especially once all of the municipal asset plans are completed; and

Whereas both the Federal and Provincial Government could leave a positive and lasting impact on rural communities by helping municipalities to renovate or build new Recreation Facilities, and in the process create cost savings to our health system. After all, health is a Provincial expense, and as citizens live healthier lifestyles and maintain healthy bodies, this leads to less frequent visits to doctors' offices, hospital emergency departments and rehabilitation centres, and consequently less costs towards medical costs; and

Whereas in 2016 the Federation of Canadian Municipalities study found that nearly half of all types of sport and recreation facilities in Canada are in fair or poor condition, with a replacement value of \$23 billion across Canada; and

Whereas in Ontario, the replacement value for aging pools, arenas and community centres in fair or poor condition in Ontario is estimated to be \$6 billion (Parks and Recreation Ontario); and

Whereas the Province of Ontario has endorsed the Framework for Recreation in Canada 2015: Pathways to Wellbeing; and that the vision for the Framework is "a Canada where everyone is engaged in meaningful, accessible recreation experiences..." and that the first goal of the Framework is that governments should enable participation in physically active recreation; and

Whereas the Framework for Recreation in Canada has as priority 4.3 as follows: "Enable communities to renew Recreational Infrastructure as required and to meet the need for green spaces by securing dedicated government funding at all levels.... for the necessary development, renewal and rehabilitation of facilities and outdoor spaces"; and

Whereas through the Investing in Canada Plan, the Government of Canada is investing over \$180 billion over 12 years in Infrastructure projects across Canada with these investments being made by 14 Federal Departments and Agencies; and

Whereas the Governments of Canada and Ontario signed a bi-lateral agreement on March 14th, 2017 and created the “Investing in Canada Infrastructure Plan”; and be it

Resolved that the Council of the Town of Saugeen Shores requests that the Government of Canada and the Province of Ontario move forward with accepting applications for funding agreed to by the Governments of Canada and Province of Ontario under the “Investing in Canada Infrastructure Program” to help address the Recreation and Culture Capital Infrastructure deficit that currently exists across Canada; and

Further, that this resolution and background Council Report be forwarded to all Ontario Municipalities, Provincial and Federal Government’s, local MP’s and MPP’s, Parks and Recreation Ontario, and the Association of Municipalities of Ontario, requesting their support.
