### PRIORITIES

The OPP's action planning process ensures compliance with the Adequacy and Effectiveness of Police Services Regulation (Adequacy Standards) filed as O. Reg. 3/99 in 1999.

Through assessment, analysis and consultation, the following priorities were identified under three categories: crime, traffic and other policing. The priorities reflect provincial and regional issues. Subsequent local analysis and consultation will further identify the specific areas of focus for this region. Priorities will be addressed by effective management strategies combining engagement, education and enforcement. Operationalized within the construct of Ontario's Mobilization and Engagement Model of Community Policing the noted strategies coupled with each of our Communities unique initiatives will provide the foundation for sustainable community safety and reduce victimization.
