

# Notice of Request for Drain Improvement

Drainage Act, R.S.O. 1990, c. D.17, subs. 78(1)

To: The Council of the Corporation of the Town of Tecumseh

Re: Colchester Townline Drain

(Name of Drain)

In accordance with section 78(1) of the *Drainage Act*, take notice that I/we, as owner(s) of land affected, request that the above mentioned drain be improved.

The work being requested is (check all appropriate boxes):

- Changing the course of the drainage works;
- Making a new outlet for the whole or any part of the drainage works;
- Constructing a tile drain under the bed of the whole or any part of the drainage works;
- Constructing, reconstructing or extending bridges or culverts;
- Constructing, reconstructing or extending embankments, walls, dykes, dams, reservoirs, pumping stations or other protective works in connection with the drainage works;
- Otherwise improving, extending to an outlet or altering the drainage works;
- Covering all or part of the drainage works; and/or
- Consolidating two or more drainage works.

Provide a more specific description of the proposed drain improvement you are requesting:

The Colchester Townline Drain is in need of maintenance/improvement for the betterment of lands affected by the drain. Additionally, a change in the watershed area from a subsequent connection of a downstream land in the Town of Amherstburg (65(4) of the Drainage Act) and an upstream parcel of land in the Town of Tecumseh has warranted the need for a new assessment schedule for the drain.

- In rural areas, the property description should be in the form of (part) lot and concession and civic address.
